

# Academic Research Proposal Outline Template

## 1. Title

Provide a clear, concise title for your research proposal.

## 2. Introduction

- Background and context
- Statement of the problem
- Research significance

## 3. Research Questions or Hypotheses

- Main research question(s)
- Hypotheses (if applicable)

## 4. Literature Review

- Overview of relevant studies
- Identification of knowledge gaps

## 5. Objectives

- General and specific objectives of the research

## 6. Methodology

- Research design
- Population/sample
- Data collection methods
- Data analysis plan
- Ethical considerations

## 7. Expected Results

Describe anticipated findings and their implications.

## 8. Timeline

Provide a brief plan and schedule for completing the research.

## 9. References

List of cited literature and resources.
