

Qualitative Research Report

1. Introduction

- Background & Rationale *(Describe the context and reason for the study)*
- Research Objectives *(State the purpose and aims)*
- Research Questions *(List the key questions guiding the study)*

2. Methodology

- Research Design *(Describe the approach: e.g., interviews, focus groups, observations)*
- Sampling & Participants *(Sampling method, participant characteristics, recruitment process)*
- Data Collection *(Tools, procedures, timeline)*
- Data Analysis *(Analytic method: e.g., thematic analysis, coding process)*
- Ethical Considerations *(Ethics approval, informed consent, confidentiality)*

3. Results / Findings

- Main Themes *(Summarize main findings or themes)*
- Illustrative Quotes *(Use direct quotations to illustrate each theme)*
- Patterns & Relationships *(Describe any patterns or relationships found in the data)*

4. Discussion

- Interpretation *(Interpret findings in relation to research questions/objectives)*
- Comparison with Literature *(How do findings relate to existing studies?)*
- Implications *(Practical, theoretical, or policy implications)*
- Limitations *(Discuss limitations of the study)*

5. Conclusion

- Summary of Key Findings *(Briefly recap main insights)*
- Recommendations *(If any)*
- Future Research *(Identify areas for further study)*

6. References

[List all sources cited, following your preferred citation style]

7. Appendices (if applicable)

- Interview/focus group guides
- Additional data or tables
- Consent forms
- *[Other supplementary material]*
