

Quantitative Research Report

1. Title Page

[Insert Title]

[Author Name(s)]

[Institution / Organization]

[Date]

2. Abstract

[Brief summary of research, methods, findings, and conclusion (150-250 words)]

3. Introduction

[Background, significance, and objectives of the study]

4. Review of Related Literature

[Summary of previous research relevant to your study]

5. Methodology

5.1 Research Design

[Describe the research design]

5.2 Participants / Respondents

[Describe population, sampling, sample size, selection criteria]

5.3 Instruments

[Describe the tools, questionnaires, surveys, etc.]

5.4 Data Gathering Procedure

[Outline procedures for collecting data]

5.5 Data Analysis

[Explain statistical techniques used to analyze data]

6. Results

[Present data, often in tables/figures/charts]

Variable	Mean	SD	n
[Variable 1]	[Value]	[Value]	[Value]
[Variable 2]	[Value]	[Value]	[Value]

7. Discussion

[Interpretation of the results, implications, comparison with previous studies]

8. Conclusion

[Summary of findings, limitations, recommendations]

9. References

1. [Reference 1]
2. [Reference 2]
3. [Reference 3]

10. Appendices

[Research instruments, additional tables, etc.]
