

# Basic Research Report

Student Name: \_\_\_\_\_

Class/Grade: \_\_\_\_\_ Date: \_\_\_\_\_

Project Title: \_\_\_\_\_

## 1. Introduction

Briefly introduce your research topic. Explain why you chose it and what you aim to find out.

## 2. Research Question or Hypothesis

Clearly state your main research question or hypothesis.

## 3. Materials and Methods

- List the materials or resources used.
- Describe the steps or methods you followed to conduct the research.

## 4. Results

Present the findings from your research. Use bullet points, tables, or simple descriptions.

## 5. Discussion

Explain what your results mean. Were your expectations met? What did you learn?

## 6. Conclusion

Summarize the main points and answer your research question based on your findings.

## 7. References

List any books, websites, or other sources you used for your research.

\*Feel free to add diagrams, charts, or images as needed.
