

Title of Research Report

Student Name
Class / Section
Date
School Name

Abstract

Brief summary of the research including purpose, method, results, and conclusion. (150-250 words)

Table of Contents

- Abstract
- Introduction
- Literature Review
- Methodology
- Results
- Discussion
- Conclusion
- References
- Appendices

Introduction

Introduce the topic, background information, research problem, objectives, and significance of the study.

Literature Review

Summarize previous research and theories relevant to the topic. Identify gaps your research addresses.

Methodology

Research Design

Type of research (qualitative/quantitative/mixed).

Participants/Sample

Who or what was studied, sampling method.

Procedures

Steps taken, materials used, data collection methods.

Data Analysis

How data were processed and analyzed.

Results

Present the findings of the research. Use tables, graphs, and charts if needed.

Discussion

Interpret the results, discuss implications, limitations, and relationship to prior research.

Conclusion

Summary of findings and their importance. Recommendations for future research.

References

List of all sources cited, formatted according to a specific citation style (APA/MLA/Chicago, etc.).

Appendices

Supplementary materials such as rawdata, questionnaires, or additional documents (if any).
