

Blank Public Wi-Fi Internet Use Policy Statement

[Organization Name] provides free public Wi-Fi access for the convenience of our visitors. This document outlines the policy regarding proper and acceptable use of the public Wi-Fi service.

1. Purpose

This Public Wi-Fi Internet Use Policy is intended to ensure safe, legal, and effective use of the wireless network provided by [Organization Name].

2. Acceptable Use

- Wi-Fi access is provided for general web browsing and communication purposes.
- Users must comply with all applicable local, state, and federal laws and regulations.

3. Prohibited Use

- No illegal, harmful, or offensive activities are allowed on the network.
- Users must not attempt to access or tamper with devices or data belonging to other users or the network itself.

4. Privacy & Security

- Wi-Fi is an open public network. Users are advised not to transmit personal, financial, or confidential information.
- [Organization Name] is not responsible for the security or privacy of user communications over this network.

5. Limitation of Liability

[Organization Name] disclaims any responsibility for damages that may arise from the use, inability to use, or availability of the public Wi-Fi service.

6. Changes to Policy

[Organization Name] reserves the right to modify this policy at any time without prior notice.

7. Contact

For questions or concerns regarding this policy, contact [Contact Information].
