

# Employee Safety Commitment Statement

As an employee, I recognize the importance of maintaining a safe and healthy working environment for myself and my colleagues. I am committed to following all established safety practices and procedures, and to actively promote a culture of safety within our workplace.

I will take personal responsibility for my actions, report unsafe conditions or incidents promptly, and participate in safety training and initiatives. I understand that safety is a shared responsibility and I am dedicated to working with others to prevent accidents and injuries.
