

# Basic Patent Claims Worksheet

## 1. Invention Title

Enter a short, descriptive title for your invention

## 2. Brief Description of Your Idea

Summarize your invention in a few sentences.

## 3. Key Components/Steps

List the main components, features, or steps of your idea.

## 4. Sample Broad Independent Claim

*Example: A device comprising: a housing; a sensor mounted inside the housing; and a processor configured to receive data from the sensor.*

Write your broadest claim covering the overall invention.

## 5. Sample Narrow/Dependent Claims

*Example: The device of claim 1, wherein the sensor is a temperature sensor.*

Add additional dependent or narrower claims for specific features or improvements.

## 6. What Makes This Idea Novel or Unique?

Describe the unique features or functionalities that differentiate your invention from existing solutions.
