

# Research Project Problem Statement Framework

## 1. Background/Context

Describe the background and context of the research topic.

## 2. Problem Statement

Clearly state the problem or issue to be addressed.

## 3. Justification/Significance

Explain why this problem is important and worth investigating.

## 4. Research Objectives

List the main objectives or research questions.

## 5. Scope and Limitations

Outline the scope, boundaries, and any limitations of the research.
